

## Connect with a qualified, affordable mental health clinician through the Epilepsy Foundation of Colorado & Wyoming's Preferred Provider

ENSURING THAT ALL INDIVIDUALS LIVING WITH EPILEPSY AND SEIZURE DISORDERS HAVE ACCESS TO QUALITY, AFFORDABLE MENTAL HEALTH CARE

Physical healthcare is priority for individuals with epilepsy and seizure disorders. The Epilepsy Foundation of Colorado & Wyoming wants to make quality mental healthcare just as accessi-

ble. That's why we started our Preferred Provider Network—to connect individuals and families like you to trained, affordable providers.

*“Cutting-edge medical care is the first step in treatment. Mental health care is, unfortunately, often over looked. Quality, knowledgeable care is even harder to find.”*
